

## FROM OUR GRADUATES :

**David Dibb:** “ Personally, although I enjoy Brussel Sprouts, I think the Bluebonnets provide more health benefits. They lift the spirit, remind us that a beautiful Spring still follows a difficult Winter, and remind us that God is still in charge of both the wide panorama of life and the smallest of details. They are good for the heart, reduce chronic pessimism, and help us stay immune to the effects of age (by bringing back fond memories of Springs past). We don't have them here in South Carolina, so thanks for the pictures.”

**Jeanne Holland Harman:** “I have really been enjoying a series called A PLACE TO CALL HOME. I have utilized my local library to obtain the DVD discs of all 6 seasons. If you are not using your local library, consider doing so. It is a great service to the community... especially for seniors. It has allowed me hours of pleasure during my recuperation.”

**Terrell Reagan:** Terrell said he has read everything in the link that follows and he qualifies: <http://wacohistoryproject.org/remember.htm>

## Updates:

**Betty Luedeker Gatlin** has postponed her knee surgery.

**Cathy White Land** had a triple arthrodesis on her foot/ankle on May 24. She would appreciate prayers so she can meet the special challenges that she will have regaining her mobility.

**Tim Lasseter Latta** reports that her back surgery was successful. She is doing well, is back at work part-time and the last week of May started physical therapy to address a muscle weakness that showed up. All is good she said, but I doubt she has returned to the tennis court where she so desires to be.

**Jeanne Holland Harman** has experienced pericardial effusion and pericarditis after her heart procedure and is still trying to resolve all issues related to the problem.

### A Neat Idea:

No-Rattle Ceiling Fan

If the screws that hold the light globe to your ceiling fan tend to work loose and then hum/rattle, slip a wide rubber band around the neck of the globe where the screws grip it. The rubber band prevents the screws from loosening and eliminates most of the noise.

Karon Shinault Jackson has completed another quilt that is a masterpiece. She made this for her grandson. The report on her labor of love:

"Stars and Arrowhead Trails" was made for my youngest grandson, Blayne Jackson. I assembled the stars, the arcs and the borders and then put it away for several years. Covid19 gave me the incentive and the time to sew the remaining 80-plus sashing blocks, each of which had 25 pieces. Even so, that took about two months. Joining the arcs to the stars and the stars to the borders and sashings took even longer. I am quite happy with the end result and think Blayne will be too."

## Senior Humor:

"I've crunched the numbers in your retirement account. It's time to figure out who will be wearing the mask and who will be driving the getaway car."

**YOU KNOW YOU'RE  
GETTING OLD  
WHEN A RECLINER  
AND A HEATING  
PAD IS YOUR IDEA  
OF A HOT DATE**

I'M AT THAT AGE WHERE  
MY MIND STILL THINKS  
I'M 29, MY HUMOR  
SUGGESTS I'M 12 WHILE  
MY BODY MOSTLY KEEPS  
ASKING IF I'M SURE I'M  
NOT DEAD YET.

*You know it's a cold day  
when your teeth start  
chattering and they're still  
on the nightstand.*

**My kids will never  
know the joy of  
finding a quarter  
in the coin return**
