

1960

You have already received the notice from Patrick, one of Bob's sons, regarding Bob's death and obit . Bob was such a Prince of a guy, and it hurts so very much to accept that we will never be able to communicate with this wonderful individual again. Bob had said all along he did not want to live with the pain and issues that had been affecting him this past year. He made the decision for Hospice, and now his suffering is over.

Carolyn, Bob's wife, reported to me that all the family was with Bob, holding his hand when he succumbed. Carolyn said as soon as the life and pain left Bob's body, he had a very peaceful look and even a slight smile on his face. What a glorious way to go! It still leaves all of us brokenhearted because he will be missed so much!

Here is the information regarding the visitation and funeral service:

**Wednesday August 16, 2023: Visitation at Cook Walden on Lamar Blvd from 6:00 pm to 8:00 pm**

**Thursday August 17, 2023: Funeral Service at Cook Walden on Lamar Blvd at 10:00 am**

**Reception after burial: Westwood Country Club 3808 West 38<sup>th</sup> Street, Austin Texas**

**[Cook-Walden Funeral Home](#) | [Funeral & Cremation](#) | [Dignity Memorial](#)**

I would like to post these wonderful pictures of Bob in his happier times at our reunions and luncheons. This is how we graduates remember him...with that smile on his face. I am surprised Bob's heart did not burst from all the love held inside for everyone he knew. "Bob" and "Love" are synonymous.

## Gateway Church Organic Garden:

**Bob Easter** is leader of the Gateway Church Organic Garden. The mission of the Organic Garden is to grow healthy organic vegetables to serve about 75 families who are in need of assistance. Each family receives a different package according to their family size. The biggest problem is finding the necessary funds to purchase plants and soils as it takes about \$3500.00 per year to keep the garden growing. This garden is grown during all seasons. In the fall and winter, some of the plants grown are Dino Kale, Swiss Chard, Mustard Greens, and 5 different varieties of lettuce. The spring and summer offers squash, eggplant, cucumbers, green beans, tomatoes, peppers (sweet and hot). Some garlic, Leeks, and onions are also grown as companion plants to keep the bugs away. The volunteers usually work between 4 and 5 hours each Saturday. On Tuesday, volunteers harvest between \$400 to \$450 (retail) worth of vegetables for the food pantry. 100% of any monies donated to the garden goes back into the purchase of plants.

**Bob's passion- His garden, 2014**

**Can you recognize Bob Easter and Billy Markum in this picture? Bob said they delivered different afternoon newspaper routes on motor scooters/cycles. Billy had a Triumph Motorcycle and Bob had a Cushman scooter. Terrell Reagan also had a paper route and won many contests, as Well.**
