Spirit of Waco High

by Floyd Kymes Russell

Arranged by Lyle Skinner

*We love our flag, the stars and stripes;
We love our native land;
We love our State, its single star;
For it we proudly stand.
But from our hearts a loyalty,
We give with main and might,
To Waco High, and we will fly
The colors, gold and white.*

Chorus:

*Spirit of Waco, in our hearts so strong,
Glad our voices shout in mighty song.
In battle or contest, we ever stand by you;
Spirit of Waco, to Waco High School true.*

*When school days end and we look back
On years in Waco High,
Our hearts will fill with memories
Of happy days gone by.
'Tis then our loyalty will rise
Above what time can tell;
And, as of yore, we'll sing once more
The song we love so well.*

In Remembrance

Hats Off to the Town Crier

When you talk to your other friends about *their* High School class, I bet the most news they ever receive is an occasional death notice. But over the last 20 years, you've followed some amazing exploits of dozens of your classmates, read their travel adventures, and seen photos of their art, engineering, horses, homes, gardens, collections, cars, and families. There are several gifted writers, editors, and story-tellers in our midst, and the *Waco Town Crier* has served wonderfully, sharing all those stories. Yes, and we like the old-folks joke section, "remember when...", and health tips, too.

We've lost many classmates, and the rest of us are entering our 9th decade of life with some degree of trepidation. But we press on, and the positive stories of faith, family, fun, and frustration experienced by those we once were young with, serve to make our journey less alone and more interesting. We've had 10 or more class reunions, drawing us together from a dozen states (not counting the frequent luncheons of the local Wacoans). And the stories in the *Town Crier* give us added incentive to attend the reunions with those we have gotten to know better.

Thank you, Jeanne Harman, for your labor of love and perseverance. Like your quilts which you love to make, each issue is pieced together with special theme "fabrics", and finished up with scraps gathered from here and there, and then it's given freely for others to enjoy. In this Special Edition of our WHS60 Directory, we have picked through past issues of the *Town Crier* for some artwork by our fellow graduates, to add some color, and to remind us of the great pool of talent we are a part of. (ok, ok... of which we are a part).
