

Reunion pictures: You can tell that Norma was very much involved with anything reunion related. She was on every committee from the first reunion 1975 to the time when her health no longer permitted. She was always in attendance at reunions and luncheons whenever possible. A lot of reunion pictures were lost after Rayburn Taylor died and things had to be transferred over to new website system. Sorry, but it was impossible for me to research all the quarterly luncheon pictures.
